

Books for Kids

Title: Trout are Made of Trees

Author: April Pulley Sayre

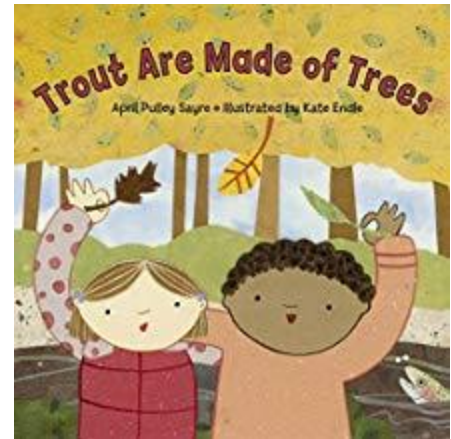

Age/Grade: 4-8 years, K-3rd grades

Type of Book: Picture Book

Topics Covered: Food webs, Conservation

Member: Laura Sjoquist - Staff

Reason: An easy to read and understand introduction to ecology, food webs and the importance of conservation. Also, really wonderful illustrations.

Title: Actual Size

Author: Steve Jenkins

Age/Grade: 6-9 years, 1st -4th grades

Type of Book: Oversized Picture Book

Topics Covered: Animals

Member: Laura Sjoquist-Staff

Reason: All of Steve Jenkin's books are informative and fun to look at. This one, that shows the actual size of different animal characteristics, is my favorite. Fun to compare with actual kid sized hands, noses, eyes, etc.

Title: Farewell to Shady Glade and The Ant and the Elephant

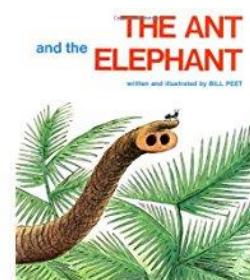

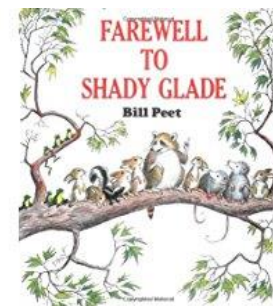

Author: Bill Peet

Age/Grade: 4-7 years, preschool-3rd grades

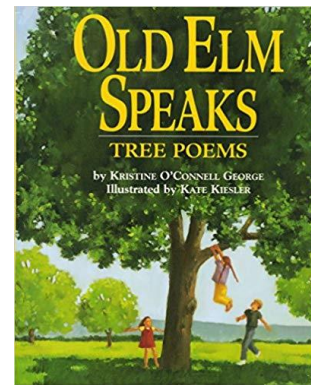

Type of Book: Picture Book

Member: Jay Evans - Trustee

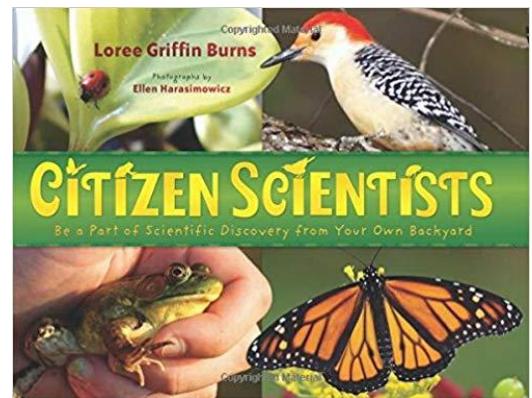

Reason: Both books feature animals and building a love of nature. Peet was a Disney artist and studio writer, turned children's author in retirement. His books are enchanting.

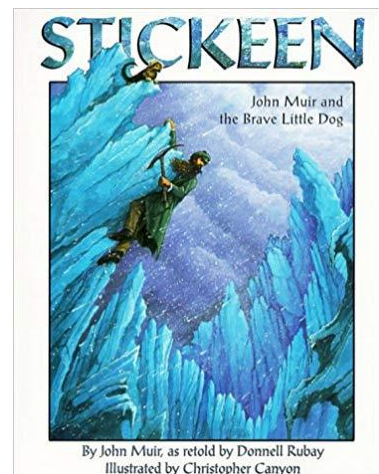

Title: Old Elm Speaks: Tree Poems
Author: Kristine O'Connell
Age/Grade: 4-7 years, preschool-3rd
Type of Book: Poetry
Member: Stacy Wallace - Education Committee
Reason: none given

Title: Citizen Scientists
Author: Loree Burns
Age/Grade: 8-12 years, 4-6 grades
Type of Book: Science Instruction
Member: Stacy Wallace – Education Committee
Reason: none given

Title: Stickeen: John Muir and the Brave Little Dog
Author: John Muir
Age/Grade: 6-9 years, 1-2 grade
Type of Book- short story
Member: Deb Krug – Education Committee
Reason: Muir's exciting accounts of his adventures with a little dog named Stickeen.

Title: Girls Who Looked Under Rocks: The Lives of Six Pioneering Naturalists
Author: Jeanne Atkins
Age/Grade: 10-16 years, 5-6 grade
Type of Book- Biography
Member: Deb Krug – Education Committee
Reason: The inspiring stories of the lives of six pioneering naturalists.
